

## Techie Morsels

Hi everyone,

I am starting a newsletter project to collaborate with everyone over tech news and it will grow with your contribution.

-A total self-initiative-

These posts will be sent to undisclosed-recipients.

If you want to opt-out please reply with a blank e-mail.

You can forward to anyone, if you'd like to spread the word.

Human-like robot hand trained by reinforced learning finding a particular shape. [Link](#)

Software has no value when it's down. Google's Site Reliability Engineering (SRE) Workbook is free for a limited time. [Link](#)

GlaxoSmithKline announced partnership with 23andMe (genetics company) which means access to 5M genotyped customers' data. [Link](#)

GPS is the single point of failure for the entire modern economy and it does not have back-up. [Link](#)

Amazon's AWS-based face recognition service Rekognition falsely matched 28 members of congress. [Link](#)
